## Our Services

Our aim is to serve our customer smoothly by making an expert for getting a good place in the international market. We also merchandise everything by expert and qualified merchandising team to build a technical support to our customer. They are also ready to give best support and ready to the true competitive merchandise with quality.

**\_ Fabric Source:** As a primary check to ensure quality, we guide suppliers as to produce proper source of fabric, Yarn, identify industries which can deliver in time, good quality fabric, yarn of desired weight, construction and color etc.

**\_ Identify supplier:** Every factory we deal with is evaluated at three levels: To assess capacity, capability & commitments. We also check environmental control and adherence to Labor Laws as per the certificate of Government of the country. We keep a good & friendly communication with our workers, so the workers give much attention in their work. We are always sincere about the workers & their right on works.

**\_ Sampling:** We arrange sampling from appropriate suppliers as per buyers designs, sketches etc. Samples against orders and Promotional samples sent to buyers by suppliers within the free of charges.

**\_ Prices:** We scrutinize prices quoted by the supplier and with our own experience of the cost structure in the country, obtain the most realistic prices from them.

**\_ Quality control:** Once an order has been placed to us, we take the following steps to check the order in the factory & merchandise from development to shipment. We draw samples of fabric, yarn to be used and check its quality, weight, shrinkage, color fastness, etc. We call for lab-dips and obtain buyers' approval of shades before bulk fabric is dyed. Before starting the production, we obtain approval sample and check it minutely in all respects such as size specification, workmanship, cleanliness and proper fit of the garment. We also suggest from time to time, possible improvements in production process to improve workmanship and get perfect goods from the factory for shipment. Our quality controllers visit factories at regular intervals, making surprise check, to see that only the perfect quality is produced and reject sub-standard and defective pieces in the production pipeline itself. When the consignment is ready, we carry out systematic inspection as suggested by our buyers. If the merchandise is found satisfactory, we issue a certificate of inspection.

**\_ Follow up:** We follow up each order in precise details from fabric /Yarn to garment, to shipment stage. At each stage, progress is intimated to buyer and what they are kept informing of the actual status of his orders throughout documents and garments all details.
